Inspired by the Nobel Prize winning technologies, engineered and mastered by Swiss skin care scientists and biomedical engineers - unleash the true potential of your youthfulness with La Danza.

LA DANZA HYPERLIGHT FUSION ANTI-AGING ESSENTIAL COMPLEX

PNF-708, 30 ml

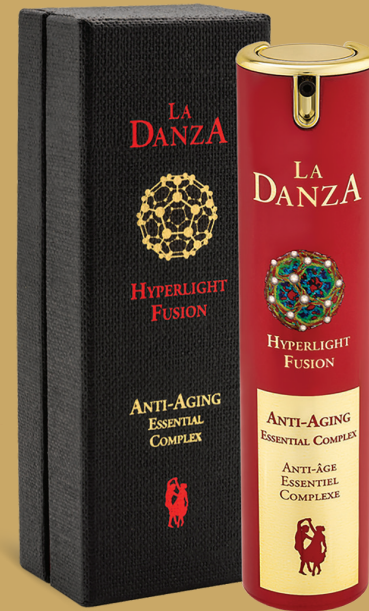

Advanced formula, day and night face cream with fullerene water (3HFWC) - the main active ingredient.

La Danza Hyperlight Fusion is a very powerful complex of active ingredients that adapts to all skin types:

- reduces the depth of wrinkles,
- improves skin firmness and elasticity,
- moisturizes at the cellular level,
- protects against external factors,
- prevents allergies and skin irritations,
- firms and brightens the skin, giving it a youthful appearance.

Regular use of the product once or twice a day provides the skin with greater hydration, firmness and tension, increases its resistance to the negative effects of external factors and accelerates the healing of minor damage. The unique properties of 3HFWC make the product ideal for mature and sensitive skin, prone to irritation and allergic reactions.

LA DANZA VITAMIN RICH CLEANSER

PNK-701, 200 ml

Begin your fitness routine for the skin

Cleanser is the first step in the battle against wrinkles. La Danza has transformed the simple action of cleansing the face of sebum and perspiration traces. The vitamin-rich cleanser gently melts into your skin, removing traces of make-up and impurities, stimulating collagen synthesis.

The unique properties of SQUALANE and ORGANIC SESAME OIL balance the natural moisture level of the skin, while the brightening and softening power of the HIBISCUS FLOWER gives it that luminous natural glow.
